

Dehydrated Red Onion

Premium Export Quality | Hygienically Processed | Long Shelf Life

Product Overview

Our **Dehydrated Red Onion** is carefully peeled, washed, sliced, and air-dried under strict hygienic conditions. It preserves the deep red color, pungent flavor, and nutritional content. Ideal for global food industries requiring consistent quality and authentic onion flavor.

Key Features

100% Natural & Non-GMO

No artificial colors, additives, or preservatives. Pure red onion flavor maintained.

Strong Pungency & Flavor

Retains characteristic aroma and taste suitable for soups, sauces, and seasoning blends.

Long Shelf Life

Moisture content controlled to ensure 24 months storage under recommended conditions.

Uniform Quality

Even-sized pieces, free-flowing, non-sticky, and visually appealing.

Sustainably Produced

Energy-efficient dehydration technology and hygienic processing for eco-conscious manufacturing.
